

Ts. Zulkefli Harun was involved in an aviation training program since 1999. He obtained the Bachelor of Science in Electrical Engineering from the University of Toledo, Ohio, United State of America (USA), in 1998, and the FAA License in Airframe and Powerplant from West Wood College of Aviation Technology, Texas, USA, in 2001. In 2014, he went to University Technology Malaysia for postgraduate study, and in 2016 he graduated in MSc Engineering Business Management.

He has been teaching at the University Kuala Lumpur Malaysian Institute of Aviation Technology (UniKL MIAT) since 2001. He is currently a Specialist in the Department of Academic & Training, UniKL MIAT, and has been the Head of Section of Airframe & Powerplant (A&P) from 2004 to 2006. In 2008, he led the first EASA (European Aviation Safety Agency) license aircraft maintenance collaboration program with Aero Bildung GmbH as the second site training center. His main role in this collaboration is as the training manager representative for AeroBildung GmbH. In 2013, under the License Aircraft Maintenance Offset program with Eurocopter (Airbus Helicopter), he was appointed as the training manager for the helicopter program. In 2015, UniKL MIAT was granted by EASA (European Aviation Safety Agency) as the first approved training organization and he was the training manager for the full basic training under the Direct Approval. From 2013 to 2016 he has been the head of Section for Center Of Helicopter and Aircraft Maintenance Professional (CHAMPs). From 2018, a new role was assigned to him as Safety Management System Manager for UniKL MIAT. He is a member of the Technology of Association Malaysia, an associate member of Asean Federal Engineering Organization and a member of the Institute of Quality Malaysia. In the year 2018, he has been recognized as a technologist (Ts) from Malaysia Board of Technologists.
